Monday 26th September 2022

Dear Parents/Carers,

I am very excited to announce that we will be starting the Year 7-LEGO Robotics club this term from Thursday the 6th October. This term, the club will run every Thursday during term time until Thursday 8th December.

As part of the club, your child will learn how to design, build and program a LEGO robot. It will help build their problem-solving skills as well as being an excellent social opportunity to meet students from other classes.

The club is limited to 30 places, these will be issued on a first come first served basis. Please register your child for a place via the online SCOPAY portal.

If you collect your child from the school, please do so from the front reception of the school, not the Stafford Road or Malmesbury Place student entrances as these are not manned after the end of the school day. In the event of cancellation, you will be notified as soon as possible to make collection arrangements.

Due to the limited number of places on offer, children who miss two weeks of robotics club without good reason will default their place and it will be reallocated to another child.

Yours sincerely,

Dr Johnston
