Year/Term	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Year 4	The Roman Empire	Who cares for the bears?	If truth be told?	ReadySetGo	Europe - Where should we go on holiday?	Ancient Maya
Cultural Capital Development Opportunities:	Roman Workshop	Workshop at the Art Gallery Climate Change Poetry Workshop with Local Author Green City visit from Southampton City Council RE: religious visitor	New Forest Wildlife Park Wolf Workshop Southampton City Mission		Local Restaurant visit City Centre Fieldwork	Mayan Workshop
Literature Spine	The Firework Maker's Daughter  Poetry: Firework Night by Enid Blyton  Your Growling Guts and Dynamic Digestive System (NF)	The Lion, the Witch and The Wardrobe  Climate Change Texts (NF)  Poetry: Stopping by woods on a snowy evening – poetry (Robert Frost)	A Wolf Called Wander Wolves non- chronological reports (NF)	Krindlekrax Playscript: Krindlekrax Super Hero Texts (NF)	The train to impossible places  European Countries Information Texts (NF)  Holiday Brochures (NF)	Gothic fiction text  Gothic recount  Mythological non- chronological reports  Action Fantasy Narrative  How to hunt the monster instructional texts
T4W Fiction	Wishing Tale	Portal Story	Tale of Fear	Defeating the Monster	Journey Story	NO T4W - APPLICATION

Focus in fiction	Suspense	Setting	Characterisation and Dialogue	Action	Plot - Openings and endings	APPLICATION
Grammar focus	-Consolidation of punctuation from Year 3 including: using and punctuating direct speech (i.e. Inverted commas)  -Use a range of fronted adverbials to integrate Description, Action and Dialogue within speech.	-The grammatical difference between plural and possessive - s?  -Use conjunctions, adverbs and prepositions to show time, place and cause  -use and punctuate direct speech (including punctuation within and surrounding inverted commas)	-Apply – use and punctuate direct speech (including punctuation within and surrounding inverted commas)  -Using fronted adverbials and punctuating them accurately with a comma	-Use of appropriate pronouns and nouns for cohesion.  -Use apostrophes for singular and plural possession  Apply - rules for direct speech and use of fronted Adverbials	using the present perfect form of verbs in contrast to the past tense  -Use conjunctions, adverbs and prepositions to show time, place and cause  Apply - rules for direct speech  Apply fronted adverbials	APPLICATION OF ALL SKILLS
T4W Non Fiction	Instructions - How to summon a goddess/how to wash an elephant.	Formal Letter Writing/Persuasion –	Non chronological Reports (wolves)	Explanation - How to be a super hero	Persuasion – tourist brochures	
Grammar focus	-Consolidation of punctuation from Year 3 including apostrophes for contractions and possession.  -Use conjunctions, adverbs and prepositions to show time, place and cause	-Organising paragraphs around a theme  -Use <b>conjunctions</b> , adverbs and prepositions to show time, place and <b>cause</b> -Standard English verb inflections (I did vs I done)	- organising paragraphs around a theme -in non-narrative material, choose their own simple organisational devices -Extending the range of sentences with more than one clause by using a wider range of conjunctions, including when, if, because, although (including terminology of subordinate clauses)Use conjunctions, adverbs and	-Extending the range of sentences with more than one clause by using a wider range of conjunctions, including when, if, because, although (including terminology of subordinate clauses).  -in non-narrative material, choose their own simple organisational devices  -Uses a or an correctly	using the present perfect form of verbs in contrast to the past tense  -Extending the range of sentences with more than one clause by using a wider range of conjunctions, including when, if, because, although (including terminology of subordinate clauses).	APPLICATION OF ALL SKILLS     in non-narrative material, choose their own simple organisational devices

			prepositions to show time, place and cause			
Fictional non-fiction:	Instructions - How to summon a goddess/how to wash an elephant.	Letter Writing/Persuasion – Climate Change Letters to MP	Non-chronological report of own hybrid wolf	Explanation	Creating own European holiday destination	
Year 4 Maths	Number: Place value: Composition and calculation with 4 digit numbers, including addition and subtraction.	Composition and Calculation: tenths Composition and Calculation: hundredths	Addition and subtraction: Money  Number: Multiplication and Division	Number: Multiplication and Division  Number: Fractions  Measurement: Time	Measurement- Length, perimeter, area  Measurement- MAss, volume, capacity  Geometry: Properties of shape	Geometry- position and direction Statistics Consolidation of all year 4 content.
History	The Roman Empire and its Impact on Britain					Maya Civilisation
	Core Objectives (	Core Knowledge and Voca	•	the Year 6 Crime and	First Order Concepts	Second Order
		Punishment Know	0 0			Concepts
Autumn 1 History		The Roman Empire and Knowledge/Understand	ding of British History	n	Power and Empire	Continuity and Change – What changed and what
	-Uses timelines to place names and dates of past events and periods in order – (Compare to KS1 events (Titanic, Great Fire of London and Florence Nightingale) and the Stone Age – Iron Age from Year 3).  -Uses words and phrases: century, decade, BCE, AD, after, before, during (REVISE FROM YEAR 3).				stayed the same in Britain during the time of the Roman	
	Knowledge and understanding of past events, people and changes				empire?	
	-Shows knowledge and understanding by describing features of past societies and periods.  - Identifies some ideas, beliefs, attitudes and experiences of men, women and children from the past.  -Gives reasons why changes in houses, culture, leisure, clothes, buildings and their uses, things of importance to people, ways of life, beliefs and attitudes may have occurred during a time period.				Significance of events/people – How significant was	
	-Describes how some of the past events /people affect life today.  -Offer a reasonable explanation for some events - use historical sources as evidence.					

	Interpretation of history		the Roman empire's
	-Give reasons why there may be different accounts of history		impact on Britain?
	-Look at the evidence available and begin to evaluate the usefulness of different sources.		
	-Use of textbooks and historical knowledge		
	Historical Enquiry		
	-Understand the difference between primary and secondary sources of evidence.		
	-Use documents, printed sources, the internet, databases, pictures, photos, music, artefacts, historic buildings and visits to collect information about the past.		
	-Ask questions and use self-selected sources to answer  Organisation and communication		
	-Uses dates and terms, and subject specific vocabulary correctly.		
	-Discusses most appropriate way to present information, realising that it is for an audience.		
Summer 1 History	Mayan Civilisation		
·	Non- European society that contrasts with British history Chronology	Religion and	Similarities and Differences —Describe
	-Uses timelines to place names and dates of past events and periods in order – (Compare to KS1 events and Ancient Egypt Year 3 (important to connect the religious similarities and differences) and the stone age and the bronze age). Place in relation to the Roman Empire from the start of the year.	Civilisation	social, cultural, religious and ethnic diversity in Britain & the wider world.
	-Uses words and phrases: century, decade, BCE, AD, after, before, during (REVISE FROM YEAR 3).		
	Knowledge and understanding of past events, people and changes		Cause and
	-Shows knowledge and understanding by describing features of past societies and periods.		Consequence –
	- Identifies some ideas, beliefs, attitudes and experiences of men, women and children from the past.		Identify and give reasons for, results of, historical events,
	-Gives reasons why changes in houses, culture, leisure, clothes, buildings and their uses, things of importance to people, ways of life, beliefs and attitudes may have occurred during a time period.		situations and changes
	-Describes how some of the past events /people affect life today.		Significance of
	-Offer a reasonable explanation for some events - use historical sources as evidence.  Interpretation of history		events/people –
	-Give reasons why there may be different accounts of history		Identify historically significant people and events
	-Look at the evidence available and begin to evaluate the usefulness of different sources.		in situations
	-Use of textbooks and historical knowledge		
	Historical Enquiry		
	-Understand the difference between primary and secondary sources of evidence.		

Geography	-Use documents, printed sources, the internet, databases, pictures, photos, music, artefacts, historic buildings and visits to collect information about the past.  -Ask questions and use self-selected sources to answer Organisation and communication  -Uses dates and terms, and subject specific vocabulary correctly.  -Discusses most appropriate way to present information, realising that it is for an audience.  Study: The impact of Locational		Regional study: UK vs		
Geography	Climate Change on our			a European	
	planet.	Earth and its		country (Spain)	
	·	Biomes			
	Curriculum Content (Core Knowled	ge and Vocabulary	outlined on the Knowledge	Organiser).	Progression in
					Mapping
Autumn 2 Geography	Autumn 2 - Study: The impact of Climate Change on our planet.  Locational Knowledge Review and re-visit: Continents of the world, Position of the Equator, Northern Hemisphere, Southern Hemisphere Identify the position of the Tropics of Cancer and Capricorn, Arctic and Antarctic CircleIdentify the position and significance of latitude, longitude				-use the zoom feature to explore places at different scales using google earth. Consider the variation in map use – which map is best for the desired purpose?
	Place Knowledge -Locate and explore the climate and place of the arctic regions a	nd the changes over time by	asking and responding to geographica	ll questions.	-recognise some patterns on maps and explain what they show (heat map).
	Human and Physical Processes -Use digital/computer mapping to understand how the impact h	umans have on the physical	geography of the human regions.		
	Geographical skills and Fieldwork:				-measuring areas on a map using a given scale to
	See progression in mapping				consider changing
	Environmental Impact: e.g. How can we combat climate change in our school?				environments.
Spring 1 Geography	Locational knowledge - The world and its Biomes  Locational Knowledge Review and re-visit: - Continents of the world, Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of			-Use maps, atlases, globes and digital/computer mapping to locate Russia and consider the scale of its size. What maps would be best to use to study it?	

		Γ
	-4 figure grid references help us locate places on a map  Place Knowledge	-Create own map of Russia using atlases and annotate
	-Locate the world's countries, using maps to focus on the space of Russia, concentrating on the climates and biomes and the places within these. Russia is the largest country in the world. It crosses 2 continents (Europe and Asia)	the location of the different biomes, using photographs of features.
	Human and Physical Processes  A biome is a large region of the earth that has a certain climate and certain types of living things (can give examples e.g. Tropical Rainforest, Temperate Forest, Desert, Tundra, Taiga (Boreal Forest), Savanna, Grasslands, Mountain/Alpine Why do biomes exist? Linked to Climate.	-Use a key for their map using standard symbols.
	Geographical skills and fieldwork: -See mapping progression	-Give maps a title to show their purpose.
	-Use maps, atlases, globes and digital/computer mapping to locate countries and describe human and physical features studied.  Similarities and differences	
	What effects are humans having on the world's biomes?	
Summer 1 Geography	Regional study: UK vs a European country (Spain)  Locational and Place Knowledge  - Review Year 2 knowledge of continents (ready to zone in on Europe). Africa was studied in Year 1.  -Review Year 3 knowledge of the UK - counties, cities and the human and physical features.  - Locate Europe using maps and atlases, and consider its location in comparison to other places studied so far.	-Use of atlases to consider the space of Europe, the relationship between the different countries and those that are land locked and those that aren't.
	Human and Physical Processes -Understand geographical similarities and differences through the study of human and physical geography of Southampton and, a region in Spain.	-Create own map to consider the place of Spain, and its
	Geographical skills and fieldwork: - Use four figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world.	geographical relationship to other countriesUse a key for their map using standard symbols.
	Field Work (Off Site) -measure and record human and physical features in the local area, using a range of methods including sketch maps, plans and digital technologies.	
	Inter-Connections: How can we compare the land use of Southampton High Street and the main boulevard of Barcelona (La Rambla)?	
Core Geographical knowledge to be	Retrieved from Year 1:  - Our school is in Shirley which is in Southampton Human features have been made by people (can give examples) Physical features are natural features of land (can give examples) Africa is a continent and Kenya is a country in Africa	

# remembered by the end of Year 4:

Be able to name the 4 seasons: Autumn, Winter, Spring and Summer, and talk about the type of weather typical of each.

### **Retrieved from Year 2:**

-Southampton is in England which is in the United Kingdom/Great Britain.

-The 4 countries in the United Kingdom are England, Scotland, Wales and Northern Ireland.

-The capital of England is London, The capital of Wales is Cardiff, -The capital of Scotland is Edinburgh, The capital of Northern Ireland is Belfast

The sea closest to Southampton is the English Channel – (to link to history units e.g. WW2 and later geography units).

The Continents of the world are: Asia, Africa, North America, Antarctica, Europe and Australia

-know simple compass directions (North, South, East and West)

-Know the locational language, near, far, left and right

### **Retrieved from Year 3:**

- Southampton is a city in the county of Hampshire, in the country of England.

- A country is a nation with its own government and rules

A county is a section of the country, with many cities and towns within.

- A city is a built up area (usually with a cathedral) bigger than a town.

- Know the 8 points of a compass (North, South, East, West, Northeast, South East, North West, South West).

- 4 Figure Grid references help us to locate places on a map.

The equator is an imaginary line around the earth

- It is halfway between the North and South Pole

- Above the equator is the Northern Hemisphere

- Below the equator is the Southern Hemisphere

-Underneath the surface of the earth that we can see there are 4 different layers; Crust, Mantle, Outer and Inner Core.

Volcanoes: There are 3 different types of volcano; active, dormant, extinct. They can be found on the ocean floor and under ice caps, too.

Earthquakes:

Earthquakes happen where two tectonic plates meet. When the plates rub against each other is when the earthquake can be felt. An earthquake that occurs at the bottom of the sea can push water upwards and create tsunamis.

### New knowledge for Year 4:

-Latitude = the invisible co-ordinates around the earth

- Longitude = the invisible co-ordinates over the top of the earth

- Tropic of Cancer = an invisible line of latitude above the equator

- Tropic of Capricorn = an invisible line of latitude below the equator.

- The arctic circle is a line of latitude (the most northern one)

-The arctic = the lands and oceans that are north of the arctic circle.

- The Antarctic circle is a line of latitude (the most southern one)

-Antarctica = the lands between the Antarctic Circle and the South Pole

An activist is a person who campaigns for change (Greta Thunberg)

Russia is the largest country in the world. It crosses 2 continents (Europe and Asia)

A biome is a large region of the earth that has a certain climate and certain types of living things (can give examples e.g. Tropical Rainforest, Temperate Forest, Desert, Tundra, Taiga (Boreal

Forest), Savanna, Grasslands, Mountain/Alpine

Spain is a country in the continent of Europe.

	Barcelona is a city in Spain which is a popular tourist destination.					
Science	Animals including humans	States of Matter (Link to climate change and icebergs)	Living things and their habitats	Electricity		Sound
	Curriculum Cont	l tent (Core Knowledge and Organi	·	on the Knowledge	Working So	ientifically
Autumn 1 Science	Autumn 1 - Animals including humans  Review and recap year 3 knowledge of the human body (skeletons and muscles for support, protection and movement) Check Year 3 - KO  -describe the simple functions of the basic parts of the digestive system in humans (mouth, tongue, teeth, oesophagus, stomach, and small and large intestine and their functions)  -identify the different types of teeth in humans and their simple functions  -construct and interpret a variety of food chains – year 1 knowledge of carnivore, omnivore and herbivore, identifying producers, predators and prey			Comparative and fair Testing: - finding out what damages teel - tooth decay experiment Enquiry questions: How do different liquids affect to decays?  Secondary Sources: -raising and answering questifferent	he rate at which an egg stions based on the diets of	
Autumn 2 Science	Autumn 2 - States of Matter (Link to climate change and icebergs)  -compare and group materials together, according to whether they are solids (hold their shape), liquids (form a pool not a pile)  or gases (escape from an unsealed container)  -observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C) Avoid chemical changes e.g. baking or burning.  -identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature			Classifying and Grouping: -grouping and classifying a varie solids, liquids or gases  Observation over time: -chocolate melting -ice melting  Comparative and fair Testing: -evaporation washing experime  Enquiry questions: Does the size of a chocolate but melts?  Will damp items that are larger, smaller items?	nt ton affect the speed at which it	
Spring 1 Science	Review Year 1 kno	Spring 1- Living thing owledge of habitats and micro-habit -recognise that living things can be	tats and Year 3 knowledge of s		Classifying and Grouping: -using and making simple guide identify local plants and animals	

	-explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment (animals, flowering plants and non-flowering plants) e.g. vertabrate and invertebrates -recognise that environments can change (habitats across the year) and that this can sometimes pose dangers to living things Review knowledge on climate change topic here to explore examples of human impact (both positive and negative) on environments.	
Spring 2 Science	Spring 2 - Electricity  -identify common appliances that run on electricity  -construct a simple series electrical circuit, identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers (Draw as a pictorial representation)  -identify whether or not a lamp will light in a simple series circuit, based on whether or not the lamp is part of a complete loop with a battery  -recognise that a switch opens and closes a circuit and associate this with whether or not a lamp lights in a simple series circuit -recognise some common conductors and insulators, and associate metals with being good conductors  -Explore the work of a famous scientist (Thomas Edison)	Classifying and Grouping: -Electrical appliances vs non-electrical appliances Comparative and fair Testing: -that metals tend to be conductors of electricity, some materials can and some cannot be used to connect across a gap in a circuit. Enquiry questions: How does the conductivity of an item affect the function of a circuit?
Summer 2 Science	Summer 2 - Sound  -identify how sounds are made, associating some of them with something vibrating -recognise that vibrations from sounds travel through a medium to the ear -find patterns between the pitch of a sound and features of the object that produced it -find patterns between the volume of a sound and the strength of the vibrations that produced it -Find out how pitch and volume of sounds can be changed in a variety of ways -recognise that sounds get fainter as the distance from the sound source increases	Survey/Pattern seeking:     -finding patterns in the sounds that are made by different objects such as saucepan lids of different sizes or elastic band of different thicknesses or length.  Survey/Pattern seeking:     -changing sounds with distance Enquiry questions: How does the position affect the pitch of the sound? How does the distance of a sound source affect the volume of sound? How does the amount of force applied to an object affect the vibration?
	Working Scientifically at a Year 4 level:	

#### Norking Scientifically at a Year 4 level:

## Working Scientifically at a Year 4 level:

## **Planning**

-Raise their own relevant questions about the world around them.

- Make their own decisions about appropriate scientific enquiry

-Talk about criteria for grouping, sorting and classifying using simple keys

## **Enquiring and Testing**

- set up practical, comparative and fair tests. Recognising when a fair test is necessary.

-Recognise when and how secondary sources might answer their questions where practical investigations cannot.

## Observing and recording

-Make systematic and careful observations, making decisions about what to look for, for how long, and the equipment that might be used (beakers, bunsen burner, metal mesh, dish, wires, battery, crocodiles clip, motors, buzzers, bulbs, propellers, tuning forks).

-Take accurate measurements using standard units and new equipment (cm with a ruler, seconds with a stopwatch, watts)

## **Evaluating and communicating**

- -Look for changes, patterns, similarities and differences in their data to draw simple conclusions and answer questions
- -Use relevant scientific language to discuss their ideas and communicate findings in appropriate ways (venn diagrams).

  -Identify new questions arising from the data, making predictions within or beyond

### Core disciplinary vocabulary in Year 3

Findings, properties, characteristics, Venn diagrams, Bunsen burner, battery, motors, buzzers, bulbs, propellers, wattage, tuning forks, classification keys, chart, criteria, evidence, prediction, conclusion, evaluation, explanation, reason, improve.

## Year 4: Progression in Notation

# Recap of Year 3 and Time Signature

**Reading music:** minim, minim rest, semibreve, semibreve rest, notes: b, a and g. Read and perform a piece of music using notation with the notes written underneath for notes b, a and g.

Writing music: Dot notation, show children what their composition looks as musical notation.

French	Portraits (Portraits)		L'argent de poche (pocket money)		On y va! (transport and weather)	
	Over-arching Objectives:					
	- Listen attentively to spoken language and show understanding by joining in and responding.					
	<ul> <li>Explore patterns and sounds of language through song</li> </ul>	s and link the spelling, sound	and meanings of words.			

- Appreciate songs, poems and rhymes in the language.
- engage in conversations; ask and answer questions; express opinions and respond to those of others
- Develop accurate pronunciation and intonation so that others understand when they are using familiar words and phrases.
- Understand basic grammar appropriate to the language being studied, including key features and patterns of the language (including where relevant, feminine and masculine forms.
- Read carefully and show understanding of words, phrases and simple writing.

Curriculum Content (Core Knowledge and Vocabulary outlined on the Knowledge Organiser).

**Grammatical Progression** 

Autumn 2 French	Autumn 2 – Portr	aits (Portraits)	Make children aware of some similarities between English and French
	Core Language:		grammar.
	Les couleurs:	The colours	-Review from year 3 to add —s if the word is plural e.g. les yeux bleus.
	rouge	red	-the position of the adjective of colour in French comes after the noun and not
	rose	pink	before e.g. un nez rouge (a red nose).
	jaune	yellow	-adjectives change according to whether the word is masculine or feminine
	bleu(e)	blue	e.g. le nez bleu, la bouche bleue.
	vert(e)	green	
	noir(e)	black	Construct own verbal phrases through listening and repeating.
	blanc(he)	white	
	violet(te)	purple	
	(Add –s to all of the	above if plural)	
	Marron (invariable	e) brown	
	Orange (invariabl	e) orange	
	J'ai	I have	
	un nez	a nose	
	une bouche	a mouth	
	des yeux	the eyes	
	un bras	an arm	
	une jambe	a leg	
	II/Elle a	He/She has	
	le nez bleu	a blue nose	
	la bouche bleue	a blue mouth	
	les yeux bleus	blue eyes	
	II/Elle est grand(e)/petit(e)	He/She is big/small	
Spring 2 French	Spring 2 – L'argent de po	oche (pocket money)	Children will be able to identify positive and negative phrases.
	Review counting to	20 from year 3.	
	Core Language:		Children to construct their own phrases in written form.
	J'aime	I like	
	Je n'aime pas	I don't like	
	J'adore	I love	
	Je déteste	I hate	

	ça	that				
	21-30: vingt et un, vingt-deu	x, vingt-trois, vingt-quat	re, vingt-cinq, vingt-			
	six, vingt-sept, vingt-huit, vi	ngt-neuf, trente				
	C'est combine	? How much is i	t?			
	un euro	one euro				
	C'est super/magnifique/fant	tastique It's great/ma	gnificent/fantastic			
	J'ai	I have				
	Je n'ai pas de	I don't have				
Summer 2 French		n y va! (transport and we	eather)	Children to construct the	ir own sentences in writter	n form and read written
	Core Language:				words.	
	Je vais à l'école.	I go/I'm going to scho	ool.			
	à pied	on foot		Children learn that final cor	nsonants in French words a	re often non pronounced
	en voiture	by car			e.g. fait, vais etc.	
	en vélo	by bike				
	en bus	by bus				
	en train	by train				
	Où vas tu?	Where are you going	;?			
	Je vais	I'm going				
	en Belgique	to Belgium				
	en France	to France				
	Il fait Chaud.	It is hot.				
	II fait froid.	It is cold.				
	II fait beau.	It's fine weather.				
	Il fait mauvais.	It's bad weather.				
	II fait du soleil.	It is sunny.				
	Il fait du vent.	It is windy.				
	Il pleut.	It is raining.				
	Days of the week Mon-Sun:	lundi, mardi, mercredi, j	eudi, vendredi,			
	samedi, dimanche.

	Cross-Curricular Application: Autumn 2 - Geography How can we use networks to spread knowledge about the issue of climate change? Children create a climate change blog for an intended audience, to become a content creator on the internet (2Blog).
Spring 1 Computing	Unit 2 - Spring 1 — Programming A: Repetition of Shapes  Review technology safety
	Computer Science
	Knowledge and Skills
	Review from Years 1-3:
	Terminology:
	They review that:
	An 'input' is data that is entered into or received by a computer or electronic device.
	An 'output' is any information processed by and sent out from a computer or electronic device.
	'Debugging' is fixing a problem.
	- An algorithm is a sequence of instructions used to complete a task.
	- Know what to repeat means and identify everyday tasks that include repetition as part of a sequence such as brushing teeth.
	- Know that we can use a loop command in a program to repeat instructions.
	- Identify loops within a program
	- An <b>indefinite loop</b> will run until the program stops
	- A count-controlled loop is programmed to stop after a specific amount of times.
	- Plan a program that includes appropriate loops to produce a given outcome.
	Software: Logo
Summer 1 Computing	Unit 3 – Summer 1 – Creating Media: Presentations
	Review from Year 1-3:
	- To save work and be able to open a file.
	- Select and change the appearance of text (bold, italic, underline, font)
	- Organise text and image placeholders in a page layout
	<ul> <li>To edit text in a placeholder</li> <li>Move, resize and rotate images, choose fonts and apply effects to text</li> </ul>
	wiove, resize and rotate images, choose fonts and apply effects to text

## Review safe searching skills from /autumn 2:

- Evaluate the reliability of content and the consequences of unreliable content.
- Explain the benefits and limitations of the world wide web.
- Use multiple slides within a presentation
- Use a theme within a presentation
- Add animations to slides
- Understand and use transitions

**Software:** Google Slides

PSHE - JIGSAW	Being Me in My	Celebrating	Dreams and	Healthy Me	Relationships	Changing Me
	World	difference	Goals	,	•	
	VVOITG	difference	Guais			

	Each Jigsaw piece has two Learning Intentions: one is based on specific PSHE learning (cov	E — JIGSAW vering the non-statutory national framework for PSHE Education but enhanced to address children's d on emotional literacy and social skills.
	Core Knowledge (based on specific PSHE learning)	Children will learn to (emotional literacy & social skills)
Autumn 1 PSHE	<ul> <li>Know how individual attitudes and actions make a difference to a class.</li> <li>Know about the different roles in the school community.</li> </ul>	Children will learn to: -Explain why being listened to and listening to others is important in the school
Being Me in My World	<ul> <li>Know their place in the school community.</li> <li>Know what democracy is (applied to pupil voice in school).</li> <li>Know that their own actions affect themselves and others.</li> <li>Know how groups work together to reach a consensus.</li> <li>Know that having a voice and democracy benefits the school community.</li> </ul>	communityProblem solve the different solutions to help a team/ class/ school be more democraticExplain why being democratic is important and can help me and others feel valuedJustify why being in a democracy helps people feel valued and is fair.
Autumn 2 PSHE Celebrating Difference	<ul> <li>Know that sometimes people make assumptions about a person because of the way they look or act.</li> <li>Know there are influences that can affect how we judge a person or situation.</li> <li>Know that some forms of bullying are harder to identify e.g. tactical ignoring, cyber-bullying (link to computing curriculum).</li> <li>Know what to do if they think bullying is, or might be taking place.</li> <li>Know the reasons why witnesses sometimes join in with bullying and don't tell anyone.</li> <li>Know that first impressions can change.</li> </ul>	Children will learn to:  -Talk about a time when their first impression of someone changed as they got to know them.  -Explain how first impressions can be misleading.  -Explain why bullying might be difficult to spot and what to do about it if they are not sure.  -Appraise different courses of action that a witness of bullying could take and what the outcomes might be in each situation.  -Explain why it is good to accept themselves and others for who they are.  -Explain how they form opinions about themselves and other people and what might influence them about that.
Spring 1 PSHE Dreams and Goals	<ul> <li>Know what their own hopes and dreams are.</li> <li>Know that hopes and dreams don't always come true.</li> <li>Know that reflecting on positive and happy experiences can help them to counteract disappointment.</li> <li>Know how to make a new plan and set new goals even if they have been disappointed.</li> <li>Know how to work out the steps they need to take to achieve a goal.</li> <li>Know how to work as part of a successful group.</li> </ul>	Children will learn to: -Deal with disappointment by analysing what went wrong and use these experiences to make new plans to avoid similar obstaclesExplain what it means to be resilient and have a positive attitudeExplain why being resilient /having a positive attitude contributes to having a greater chance of success.

	Know how to share in the success of a group.	
Spring 2 PSHE	Know how different friendship groups are formed and how they fit into	Children will learn to:
Healthy Me	Know which friends they value most.	-Recognise when people are putting them under pressure and can explain ways to resist this when they want to.
	<ul> <li>Know that there are leaders and followers in groups.</li> <li>Know that they can take on different roles according to the situation.</li> <li>Know the facts about smoking and its effects on health.</li> </ul>	-Problem solve and identify a variety of strategies in different situations where they may experience peer pressure.
	<ul> <li>Know some of the reasons some people start to smoke.</li> <li>Know the facts about alcohol and its effects on health, particularly the liver.</li> <li>Know some of the reasons some people drink alcohol. (science</li> </ul>	-Identify feelings of anxiety and fear associated with peer pressure and manage these to help make safe and healthy choices.
	<ul> <li>curriculum links)</li> <li>Know ways to resist when people are putting pressure on them (peer pressure)</li> <li>Know what they think is right and wrong (assertiveness).</li> </ul>	
Summer 1 PSHE	<ul> <li>Know some reasons why people feel jealousy.</li> <li>Know that jealousy can be damaging to relationships.</li> </ul>	Children will learn to: -Give reasons why people may experience a range of feelings associated with
Relationships	<ul> <li>Know that loss is a normal part of relationships.</li> <li>Know that negative feelings are a normal part of loss.</li> <li>Know that memories can support us when we lose a special person or animal.</li> <li>Know that change is a natural part of relationships/ friendship.</li> <li>Know that sometimes it is better for a friendship/ relationship to end if</li> </ul>	-Offer and evaluate solutions to help manage personal loss.
Summer 2 PSHE	it is causing negative feelings or is unsafe.  • Know that personal characteristics are inherited from birth parents and	Children will learn to:
Changing Me	<ul> <li>Know that personal characteristics are inherited from birth parents and this is brought about by an ovum joining with a sperm.</li> <li>Know that babies are made by a sperm joining with an ovum.</li> <li>Know the names of the different internal and external body parts that are needed to make a baby (links to science curriculum).</li> </ul>	-Summarise the changes that happen to boys' and girls' bodies that prepare them for making a baby when they are olderGive reasons why adults may choose to have a baby and explain briefly the process of conception and how puberty is related to this.
	Know how the female and male body change at puberty.	-Explain some of the choices they might make in the future and some of the choices that they will have no control over.

	<ul><li>adult.</li><li>Know that change is a controlled and have to k</li><li>Know that change can</li></ul>	bring about a range of differ	ome cannot be ent emotions.	-Consider and prioritise the older and plan the approac -Explain why some changes positive feelings manageme	hes they will use to tackle to they face are out of their of ent can help them.	hese changes. control and evaluate how
PE AND GAMES	Football	Tag Rugby	Netball	Hockey	Cricket (striking and fielding)	Athletics
TE AND GAIVILS	Lesson 1: Travel with a large ball using feet; using inside, outside and bottom of foot with increasing speed  Lesson 2: Dribble effectively around obstacles using and feet using sports specific skills and begin to use in games  Lesson 3: Pass and receive a ball using side foot technique using fewer touches and when moving  Lesson 4: Use lace technique to pass/send the ball as appropriate over increasing distances.  Lesson 5: Pass and receive and dribble with a ball using appropriate taught technique when moving	Lesson 1: Avoid catch and pass an opponent in games of tag rugby or similar, remove a tag and show techniques to avoid the removal of a tag  Lesson 2: Throw, pass and catch a variety of balls over a variety of distances with some degree of consistency using appropriate technique selecting the correct method for distance.  Lesson 3: Pass using side on method to send ball sideways or backwards with some degree of consistency  Lesson 4: Catch/receive rugby balls, using appropriate techniques with some degree of consistency and be aware of how to transition to the next pass. (eg dribble, faint)	Lesson 1: Pass using shoulder, overhead, chest and bounce pass techniques correctly  Lesson 2: Receive balls of a variety of distances using correct technique with some degree of consistency  Lesson 3: Pass and receive balls over a variety of distances and when moving  Lesson 4: Begin to use pivot technique to change direction and to send a pass  Lesson 5: Understand that you should not travel with the ball and demonstrate understanding in small games/activities  Lesson 6: In game begin to catch/receive balls,	Lesson 1: Dribble using a hockey stick using correct side of the stick at different speeds  Lesson 2: Accurately send a ball with a hockey stick Receive a ball with a hockey stick with some degree of success to both sides of the body  Lesson 3: Pass the ball whilst moving with some degree of accuracy  Lesson 4: To shoot using a hockey stick/ball from a standing and moving position with increasing accuracy  Lesson 5: To tackle correctly in hockey  Lesson 6: To understand the different roles of attacking and defending  Dance 2	Lesson 1: Throw, pass and catch a variety of balls over a variety of distances with some degree of consistency using appropriate technique selecting the correct method for distance.  Lesson 2: Send the ball accurately using varying techniques correctly  Lesson 3: Catch/receive a small ball using appropriate techniques with some degree of consistency  Lesson 4 Intercept, make attempt to catch, collect, and return a moving ball to a given position by sending (rolling or throwing) with some accuracy  Lesson 5: Send and ball the ball to a striker/fielder from the hand accurately using underarm or overarm technique	Lesson 1: Demonstrate a variety of running styles moving in curves, zig zags and straight line, with rapid acceleration and decelerate when required or adjusting pace smoothly and apply to competition  Lesson 2: Demonstrate good running posture and maintain technique when running over obstacles of varying heights  Lesson 3: Jump for distance or height using two foot to two feet and short run technique  Lesson 4: Perform speed bounce and hop step and jump  Lesson 5: Describe and demonstrate throws from a variety of positions and apply to task.  Lesson 6: Demonstrate two
	and in small games	Lesson 5: Learn basic rules of tag rugby (in touch, look after	using appropriate techniques with some	Lesson 1: Plan formation/s in relation to stimuli and transition	Lesson 6: Strike a moving ball when thrown by a teacher or	handed push throw and a variety of other techniques
	Lesson 6: Begin to apply skills and rules taught to	belt no protecting belt)	degree of consistency and be aware of how to	to motif/phrase/ another formation.	competent peer.	for different projectiles (eg sling/discuss. Single hand push/shot) and apply to task
